

# Suggestions for Purchase eBooks & audiobooks for Cloud Library Android Devices

## 1. Open up the Cloud Library Digital App

- Click the filter icon as located in top right hand corner, as seen circled in blue in Figure 1
- A filter menu will show up, as shown in Figure 2. Selecting 'Suggestions for Purchase' (SFP's) will filter all the titles that are available for purchase with the Cloud Library (note: some titles are not available for purchase through Cloud Library)
- Click on the magnifying glass and type in the title or author you are searching for
- When searching in Suggestions for Library mode, you simply click on a title to select it. Collection librarians will then review your suggestions
